

The Danger Box

What You'll Need:

- **Wooden Box**
- **Paint Pens any colors you choose**
- **An assortment of double-sided scrap book paper**
- **Scissors**
- **Sewing Machine**
- **Thread**

Take a wooden box of any size.

Decorate it to your liking. We've made ours look very non-exciting so it won't attract attention but you can decorate it any way you wish.

Place the words "Danger" somewhere on the box.

Take your scrap book paper and stack it in the order you'd like it to appear in your list book.

Measure your box and cut the paper just slightly smaller so it will fit in your box.

Fold the scrapbook paper in half and sew across the fold line.

Clip the thread.

Press with your hands on the fold and place in the box.
